Shepherd's Tree Game Lodge

The Pilanesberg Game Reserve lies in the heart of an extinct volcano, characterized by undulating hills carved with riverine valleys, forming secluded amphitheatres. It is within one of these naturally spectacular landscapes that Shepherd's Tree Game Lodge has been created. The lodge stands above an open savannah commanding impressive vistas of the pristine wilderness areas of the reserve. Attention to detail extends beyond the pleasure of your hosts, and is perhaps only rivaled by the contemporary cuisine, freshly prepared by dedicated chefs.
